PAR-225 25

29 April 1964

Declass Review by NGA.

MEMORANDUM FOR: Chief, P&D
Chief, T&D
Chief, E&D, P&DS

THROUGH: Assistant for Plans and Development

SUBJECT: Microdensitometer Training Under PAR-225 of the [] Contract

1. PAR (Project Authorization Request) 225 was initiated as a portion of the [] contract with the [] in order to provide training in microdensitometry. It is necessary to survey those divisions that have an interest in this procedure in order to determine the number of individuals that will receive this training.

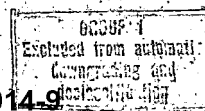

2. Essentially the program is composed of three phases: First phase - Discussions in Fundamentals, Second phase - Detailed Instruction in the Operation of a Typical Microdensitometer, Third phase - Continued Instruction and Experience in the Operation of a Typical Microdensitometer. This limited training program will be conducted for a period of three to four days at the [] plant for a group of four or five individuals per period. Additional training, which will be directed toward specific needs for photo interpretation, quality control or research, can be arranged at MITC as required.

3. In order to set up a training schedule, it is requested that a list of the persons to receive training under this program be forwarded to the P&DS as soon as possible. An "Information Only" copy of PAR-225 is attached to this memorandum for your information.
